Sub: Request to issue permission to fix a gate in the back entry of B12A tower to enhance Security coverage - regarding.

Ref: Request made vide our letter dated 10-4-2018 for deploying one more security guard at B12A tower.

Dear Sir,

Please refer to our letter dated 10-4-2018 signed by all the collegiums members of B12A for attending 16 prime issues. One of the issue jotted down in the aforesaid letter vide sl. No-15 is to provide one more security guard for proper watch and ward of B12A. The same prime issue has not yet been resolved and illegal entry/trespassing of unauthorized persons as well as entry of dogs and monkeys inside the tower in all floors are regular phenomenon thus resulted serious security lapses as experiencing in B12A tower by the residents. We had several meetings with the residents who expressed their serious security concern over the porous back entry of B12A tower and decided to fix a gate to enhance major security lapses in B12A.

In case of emergency situation like fire/earthquake etc. if the gate is found locked then it is therefore, requested to please issue permission to fix a grill gate at the back entry of B12A at the earliest.
CHES/RPS Infrastructure Ltd. shall not be held responsible for any human/material loss.
An early issuance of permission is solicited.

Yours Sincerely,

9/3/19
